

Anton Stokman

Bio

Dairy farmer in Koudum The Netherlands. Anton combines the life on the family farm with innovation development. From patented feeding machine to management software, Anton initiated several innovations, the last one leading to a integrated dairy model, the free choiche dairy. In 2009 he was chosen as flagshipfarmer for McDonald's Europe. <http://flagshipfarms.eu> Anton has been active in the board of Dairy cooperations in the Netherlands and Tanzania. Anton and his wife Tiny have three children: Nico, Arjan and Elsemieke.
